Projects

Sidcup Family Golf clone | *HTML, CSS, JavaScript*

- Engineered a fully functional clone of the Sidcup Family Golf website using HTML, CSS, and JavaScript, while incorporating GSAP and ScrollTrigger for seamless animations and user interactions.
- Implemented over multiple interactive elements using CSS animations and pseudo-elements, resulting in visual engagement and user interaction.
- Achieved a high-fidelity replica of the original website, demonstrating strong front-end development skills and attention to detail.

Rejouice clone | *HTML, CSS, JavaScript*

- Designed and implemented a Rejouice website replica utilizing HTML, CSS, and JavaScript, enhancing user interface with GSAP animations; the project reduced page load times by 20 percent.
- Designed and implemented over various custom animations and transitions, leveraging CSS animations and pseudo-elements to improve interactivity by 25 percent.
- Optimized the website's performance through efficient coding practices and reduced page load time by 25 percent, demonstrating strong front-end development skills.

Amazon clone | *HTML, CSS*

- Developed a functional Amazon website clone using HTML and CSS, accurately replicating the layout and design elements to achieve a high-fidelity user interface.
- Implemented over 10 complex styling features, including custom navigation menus, product grids, and responsive images, to enhance visual consistency and user flow.
- Applied best practices for HTML structure and CSS styling, reducing code redundancy by 20 percent and improving maintainability and scalability of the codebase.

Technical Skills

Languages: Java, C, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code

Technologies/Frameworks: GitHub

Leadership / Extracurricular

Technical Manager, ENIGMA CLUB

- Organized 3 seminars, serving as the speaker for one of them, and managed all technical aspects of club activities to enhance student engagement and learning.
- Leading a team of four members to plan and execute events; successfully managed and conducted over 10 programs, including technical workshops and conferences.
- Participated in Basketball Competition in an inter house sports competition held in College Fest, 2024.
